**Subject:** RE: CW v. [REDACTED]

Hi Brenna,

Chuck Salemi, the Drug lab supervisor is looking up the details of this case. We will be in touch shortly with the name of an alternate chemist who will be available to testify.

Thanks, Julie Nassif

Hi Julie:

Hope all is well!

I had a question a while back about what happens when chemists are no longer working at the DPH - whether to retest or whether a substitute chemist can testify as to the prior testing. Thank you for your help with that! I agree that it is a better use of our time/resources if we have a substitute chemist.

So now just wondering how I get a chemist assigned for review/testimony? (The analysis number is [REDACTED] and the testing chemists were Sandra Lipchus and Thomas Hollenbeck). If there is someone else that I should email about this, could you let me know? The trial is 2/10/11. Please feel free to call/ email with any questions!

Thank you for your help with this!

Sincerely,  
Brenna
